PERFECT PICTURE
PERFECT SOUND

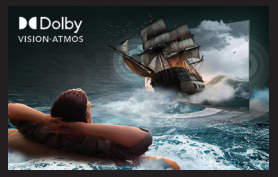

#IndiaKaOnida

Google TV

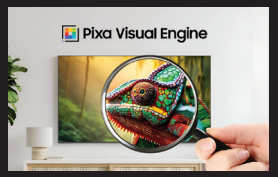

4K Ultra HD Display

Immerse yourself in picturesque visual imagery, captivating surround sound & sharp game graphics with a 4K Ultra HD display resolution 3840x2160px.

Dolby Vision | Dolby Atmos

See and hear spectacular entertainment with Dolby Vision and Dolby Atmos. Dolby Vision transforms your TV experience with ultravivid picture that brings entertainment to life. Dolby Atmos creates powerful, moving audio that seems to flow all around you.

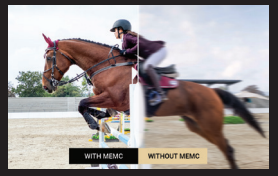

Pixa Visual Engine

Pixa Visual Engine enhances the visual experience as it produces life-like picture quality, rich contrast and brilliant colours.

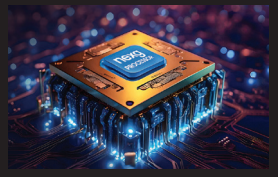

HDR10 and HLG

Enjoy HDR10 and HLG with a 10-bit video stream of over 1 billion colors and a maximum brightness production.

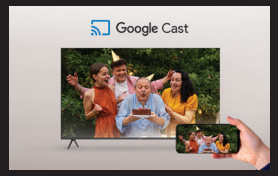

MEMC

MEMC is a frame interpolation technology that artificially adds additional frames between original frames and makes high speed content appear smooth and crisp.

Nexg Processor

Get lightning fast performance with Onida's nexg processor which gives you extra power for faster web browsing, smoother experience and easy multi-tasking. An 16GB internal storage and 2GB RAM ensures that you enjoy high adrenaline content without compromising on the speed

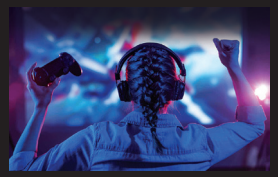

Google Cast

Google Cast lets you watch your favorite entertainment and apps from your mobile device or computer on your Android TV.

Eye Protect Plus

Onida's Eye Protect Plus Mode allows you to comfortably watch all your favourite content for a longer period of time without causing any strain to your eyes.

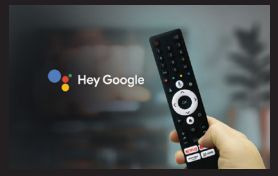

Easy Connectivity

Enjoy seamless home entertainment with built-in Wi-Fi and LAN. Plug & Play with USB or HDMI ports and instantaneously enjoy movies, photos or music. Also Enjoy a seamless Bluetooth experience by connecting your Bluetooth devices to the TV.

Google TV

Google TV offers a modern and feature-rich TV that offers a personalized home screen that displays content recommendations based on your viewing history and preferences.

Google Assistant

Google Assistant is a powerful and versatile digital assistant that can help users with a wide range of tasks, and is constantly evolving to offer new features and capabilities. Users can ask it anything from "What's the weather like today?" to "How do I make a pasta?" and receive a helpful response.

Nexg Cam Support

Onida Nexg TVs are webcam compatible through an external source and allows you to enjoy Google Meets, video chats and video conferencing all on a big screen. The TV is also compatible with CCTV cameras.

*Above Features are available in Google TV 4K Series & QLED Series only.
