

POWER WASH EXPERT

FOR SUPER CLEAN WASH

Simplify laundry with Smart Sensor Technology

Introducing Sensomatic Technology Washing Machines which sense the weight of your laundry and determines the amount of water needed for that particular wash cycle.

T85GDB/T85GDBH

FULLY AUTOMATIC WASHING MACHINE FEATURES

POWERFUL WASH MOTOR

This Washing Machine has a Powerful Motor and is equipped to handle almost all types of load.

CRYSTAL DRUM WASH

The specially designed Crystal Drum ensures that the wash is effective yet the clothes are treated gently. The crystal shaped ridges on the inner wall ensure that even delicate fabrics are washed thoroughly without causing any harm to the fabric.

AIR DRY TECHNOLOGY

This feature removes excess water as well as moisture from the washed garments without harming the fabrics.

MAGIC LINT FILTER

Magic Lint Filter is built with a very high quality fine mesh filter to catch floating lint and other dirt particle matters in the water.

SENSOMATIC WASH TECHNOLOGY

Sensomatic Wash Technology is a unique technology which senses the weight of your laundry and determines the amount of water needed for that particular wash cycle giving your clothes an efficient and effective wash.

10 WASH PROGRAMS

10 Wash Programs which are available for you to choose from, that are equipped to handle all types of laundry

FULLY AUTOMATIC WASHING MACHINE FEATURES

5

5 STAR RATING

Onida Washing Machines comes with a high efficiency 5 Star Energy Rating for optimum energy efficiency.

CHILD LOCK

This feature lets you lock the control panel so as to prevent kids from accidentally changing its settings.

WATER FALL TECHNOLOGY

Waterfall Technology adds dynamic movement to the water, dissolving your detergent completely and improves the washing and foam formation.

HYDRAULIC LID CLOSE

Soft Close Lid will slow the descent when the opening angle is less than 70°. The Lid will lower gently, hold-up without slamming shut and protect your fingers from being crushed.

ONE TOUCH OPERATION

Easy usage with One Touch Operation makes this the most convenient to operate machine.

ANTI RUST BODY

Onida machine comes with a special rust proof body which prevents rust and corrosion for long-lasting durability.

Extra Load. Extra Clean.

Introducing large capacity Semi Automatic Washing Machines for large families.

S12GS1

S11GS

SEMI AUTOMATIC WASHING MACHINE FEATURES

POWERFUL WASH EXPERT

Onida's Semi-Automatic washing machines are designed for a Powerful Wash, removing all the dirt particles from your clothes keeping them clean and fresh.

HEAVY DUTY WASH MOTOR

The machine is loaded with a Heavy-Duty Motor which delivers a high-speed spin of 1450 RPM which provides the best wash quality.

CYCLONE PULSATOR

This technology possesses a specially designed pulsator which generates a turbulent water stream inside the tub that removes the dirt and stains. This also prevents tangling of clothes and gives your clothes the perfect power wash.

EXPRESS CLOTHES DRYER

Designed to remove moisture remaining in clothes to give the same drying effect as a front loader washing machine.

MAGIC LINT FILTER

It collects lint and dirt from your clothes effectively, irrespective of the water level or laundry-load.

WATERFALL TECHNOLOGY

Waterfall Technology adds dynamic movement to the water, dissolving your detergent completely and improves the washing and foam formation.

SEMI AUTOMATIC WASHING MACHINE FEATURES

5

5 STAR RATED

Onida Washing Machines come with a high efficiency 5 Star Energy Rating with optimum energy efficiency.

DEEP CLEANSING TECHNOLOGY

Waterfall Technology adds dynamic movement to the water, dissolving your detergent completely and improves the washing and foam formation.

SPIN SHOWER

Onida washing machine features spin shower rinsing, which sprinkles water over clothes during the spin cycle to remove residual and soap particles from clothes.

AUTO SCRUBBER

Get a thorough wash with this unique feature that makes sure your clothes are well-scrubbed. The unique auto scrubber placed within the machine's tub.

SOFT CLOSE WASH LID

Soft Close Lid will slow the descent when the opening angle is less than 70°. The Lid will lower gently, hold-up without slamming shut and protect your fingers from being crushed.

ANTI RUST BODY

Onida machine comes with a special rust proof body which prevents rust and corrosion for long-lasting durability.

Discover the Front-Load Revolution!

Revolutionize the way you do laundry with our Front-Load Washing Machines.

FRONT LOAD WASHING MACHINE FEATURES

HEXA BUBBLE DRUM

Onida's Hexa Bubble Drum is strategically designed to protect your clothes from any damage during the wash cycle. Its smooth, bubble ridges ensure that even delicate items receive a thorough yet gentle wash.

16 WASH PROGRAMS

A Wash Program for every need whether you're washing cotton, synthetic or delicate garments, the fully automatic washing machine has a program for every laundry need. Simply relax and let its program functions do all the work.

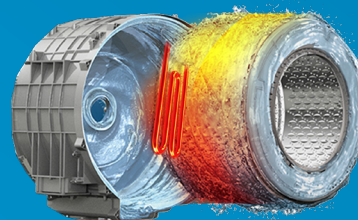

ANTI-FOAM CONTROL TECHNOLOGY

Onida's Washing Machine counteracts and controls the formation of excess foam breaking it down into smaller water particles.

BLDC INVERTER MOTOR

Onida's BLDC Motors are more energy-efficient compared to traditional brushed motors. They can adjust the speed and power consumption based on the load and requirements of the washing cycle. This means they consume less electricity, leading to cost savings over time.

HYGIENE PLUS IN-BUILT HEATER

Onida's washing machine has very high standards for clean clothes, thanks to its Hygiene Plus feature. The washing machine comes with an in-built heater to sterilize clothes, kill germs and improve wash efficiency by heating the water to 90°. Look forward to fresh, germ-free laundry every time.

DRUM CLEAN TECHNOLOGY

Hot Water of 90°C flushes and sterilizes internal parts while also removing foul odor.

*Features is applicable in select models only.
